

SHORT AND MAIN TALKS 2012

Amalgamated list

This update: 28 March 2012

Thank you to all who have prepared and delivered talks in the past. Please keep on volunteering. Whilst we started the 'Short Talk' series with constellations, anything relevant to topical observing events for the month would be equally appropriate for this slot. With regard to the 'Main Talk', any aspect of astronomy and space is welcome.

If you have never tried to do a talk before, then please – 'have a go'. You are amongst friends and we (Judith, Rick, Julie, or Mark) are very happy to give practical help and advice. Just come and talk to us! If you have ideas for a talk you would like a speaker other than yourself to present, then please also let us know.

If you have been allocated a talk spot, but then realise you are unable to attend on that evening, please let us know as soon in advance as possible and we will arrange a swop.

	SPEAKER	TOPIC	DATE - WED	NOTES
	Rick Dooley	Quiz Night	07 December 2011	☺
